Can you help keep Mennonite Church Canada congregations connected locally and nationally? Your response to the following items will help us serve you better.

Online church directory profile

To date 100 out of 235 churches have responded with their new info! Make sure your congregation's information is up to date, as the data in each online church directory profile becomes the text for the print version of the Mennonite Church Canada **Directory 2005-2006**.
