Subject: **China Learning Tour Poster**

In this edition of *Equipping* you will find a poster for a learning tour going to China. The China Learning Tour promises to be an exciting time of meeting with the Chinese church, engaging Witness Workers and being immersed in the culture. We expect that individuals who participate in these experiences will be encouraged. They will see and touch China in a way that ordinary tours do not.

Congregations also benefit from having their members have opportunities to see how their support for the wider church is touching and making a meaningful impact around the world.

Please put up this poster that invites people to sign up today. Maybe you know someone who would really benefit from this opportunity – why not direct them to this invitation?

We have limited space available and interest levels are high!
