

# Time for a Change?

Consider  
using Jubilee  
in a new  
way!

Large group/small group format  
— an option offered by Centred Teaching.

No need to replace your Jubilee materials  
— Centred Teaching gives you an alternative way  
to use them.

Children meet together for worship, music  
and the Bible story (large group)  
— then move to a selection of response centres  
(small group).

Jubilee Sunday School resources  
—create a “*can’t wait-to-be-there*” experience for  
teachers and students.

- Centred Teaching offers options for teachers.
- The Biblical story remains at the heart of the lesson.
- The rituals and response choices provide meaningful connections to the Bible story and take into consideration the different learning styles of children.

Give it a try this fall
