

MVS & Service Adventure welcome applicants!

MVS and Service Adventure are still alive!

Transition funding enables us to continue offering national support for MVS and Service Adventure until January 31/04.

This means that MVS & Service Adventure continue to welcome applicants. Although we can not guarantee placements beyond January 31/04, the sponsoring congregations of some existing units in Canada have committed to continuation in some form. (See news release in the April 21 edition of *Canadian Mennonite*.)

In the interim,

we will be investigating possibilities for a sustainable future for these programs in Canada. Meanwhile, if you or someone you know is contemplating an MVS or Service Adventure term in either the US or Canada, please contact Brad Reimer at the Winnipeg office.
